Synthetic Candidate

Skills

SQL

Experience

Data Support Assistant

Analyzed reporting data for 40 volunteer-program users and documented trends.

2024 - 2025

Education

BSc in Analytics, 2025.

Projects

Second Page Data Dashboard

Built a SQL dashboard that improved weekly reporting accuracy by 20%.

Project context: a synthetic student reporting project with documented source data and repeatable weekly review steps.

Additional context: Collaborated with peers to define data requirements, documented source fields, tested totals, and prese
